The September Woman's Home Companion.

The September Woman's Home Companion, in addition to its regular entertaining and practical features, contains thirteen illustrated pages about fall fashions. In fact, the issue is called a "Fashion Forecast Number."

Grace Margaret Gould, the fashion editor, presents all the latest information about fashions and at the same time interprets styles to average women so that they can make practical use of her suggestions. Miss Gould adheres to her well known principle that in matters of style women can, by taking thought, be in fashion and yet not spend extravagant sums of money. It is her aim to show women exactly how they can achieve this end, and she does her task with extraordinary skill.

In addition to the fashion pages already referred to, the regular cooking, handicraft, housekeeping, young people's, better babies and entertainment departments are filled with interesting and useful material.

If you sit in a cool draft when you are heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on Ballard's Snow Liniment and don't be talked out of it because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1 per bottle. Sold by Wilbur Mitchell, Beaver Dam.

AVERAGE LIFE OF AN OFFICER OF THE ALLIES

The average life of an officer in the trenches of the allies in the present war is twenty-three days. The statement occurs in a letter from J. G. Smith, a former officer in the Queen's Westminster Rifles of London. Mr. Smith inclosed a copy of a letter from his son, Lieut. Eric Smith, who subsequently met death on the firing line in France. It was in reference to his son's death that he made the statement quoted.

Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I never hesitate to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Sol Williams, merchant, Jesse, Tenn. "I sell more of it than of any other preparation of like character. I have used it myself and found it gave me more relief than anything else I have ever tried for the same purpose." Obtainable everywhere.

All Modern Conveniences.

The wife of a Chicago printer has a Swedish cook and she heard this conversation between her cook and the maid next door, also a Swede:

"How are you, Hilda?"

"I well. I like my job. We got cremated celery, cemetery plumbing, elastic light and a hoosit."

"What's a hoosit, Hilda?"

"Oh, a hell rings. You put a thing to your ear and say, 'Hallo,' and someone says 'Hallo,' and you say 'Hoosit.'"

ODD BITS OF NEWS.

Altoona, Pa.—Rocco Masti, seven years, playing hide-and-seek, crawled into a big ice cream freezer in front of a store. Rocco was wedged in so tightly he could not escape, and when rescued was almost frozen, as the freezer was surrounded with ice and brine.

New York, N. Y.—Huan Schuen Mel. A. B., LL. B., has been admitted to the Federal bar in the United States District Court, New York. He is the first Chinaman to win the privilege of practicing in the Federal courts at New York. He is an American citizen, having been born in San Francisco.

Eureka, Cal.—Angus Olafson, a homesteader of South Humboldt county, when he wended his way out of his lonely camp recently, heard for the first time of the European war.

Chicago, Ill.—Thomas McNally and Charles Kurth, sentenced for life to Joliet in 1923, have been paroled under the new Illinois law. They had never seen an aeroplane or a movie or ridden in an automobile or on an elevated. They went into a theater, but came in pop-eyed amazement. "Beat it, quick," said Thomas, "the chorus girls are not wearing stockings in here."

Chicago, Ill.—If "hubby" is irritable, distant, addicted to staying out nights or talking about the war, feed him pickles. Leonard N. Hathaway, one of America's pickle princes, declared at the Pickle Packers convention that "pickle eaters are invariably the sweetest tempered and most affectionate men, and pickles warm the home."

THE WOMEN OF ILLINOIS WILL DRAW MEN'S PAY

Chicago, Aug. 12.—Equal suffragists were jubilant to-day, according to Mrs. Grace Wilbur Trout, president of the Illinois Equal Suffrage Association, over the action of the State Board of Arbitration, which yesterday decreed that women employed in State institutions shall receive the same pay as men where they do the same work.

Mrs. Trout issued a statement in which she said that the new recognition of the equality of women is an answer to those who express doubt of the value of the franchise to women.

"Illinois women can vote and students of political economy know that no class of persons in history deprived of a voice in the Government have ever received fair treatment by the Government," said Mrs. Trout.

Is Sickness a Sin?

If not, it's wicked to neglect illness and means of relief. It's wicked to endure liver ills, headache, indigestion, constipation, when one dose of Po-Do-Lax gives relief. Po-Do-Lax is Podo-phyltin (May Apple), without the grip. It arouses the liver, increases the flow of bile—nature's antiseptic in the bowels. Your constipation and other ills disappear overnight because Po-Do-Lax has helped nature to remove the cause. Get a bottle from your druggist to-day. Get rid of your constipation overnight.

With Ceremony.

There is a Washington man of such a "kidding" temperament that his ruling passion exhibits itself even in so serious a matter as an operation.

Recently, as he was about to be operated upon for appendicitis, he said to his surgeon:

"Doctor, before you begin, I wish you would send over and have our pastor, the Rev. Dr. Thirdly, come over."

"Certainly," said the doctor, "if you wish it, but—"

"I'd like to be opened with prayer," said the patient.

Sallow complexion comes from bilious impurities in the blood and the fault lies with the liver and bowels—they are torpid. The medicine that gives results in such cases is Herbine. It is a fine liver stimulant and bowel regulator. Price 50c. Sold by Wilbur Mitchell, Beaver Dam.

FOREWARNED, FOREARMED—JUST AN ORDINARY CASE

A girl had a proposal of marriage Sunday night, and asked a week to consider it before answering. She then organized herself into an investigating committee and began taking testimony from married ladies of her acquaintance. The first one she visited used to be a belle and the most admired girl in town before she married ten years before. The cross-examination brought out the fact that she had six children, did all her own work, including washing and ironing, and hadn't been down town for four weeks, and that her husband had given her but \$2 since she married, and that he had borrowed and forgot to pay back \$10 which her brother once gave her for a Christmas present. He bought himself a new overcoat with the money, while she wore the same

plush coat which she wore when he was courting her.

Another woman whom she visited quit teaching school three years ago to marry "the handsomest and best dressed man in town," and she was teaching again and supporting him. A third didn't dare say her soul was her own when her husband was around, though she used to write some lovely essays when she was at school on the "emancipation of women," and the fourth woman she visited was divorced.

After visiting them and summing up the evidence, she went home and wrote the young man. She will be married next month.

SPECIAL NOTICE

In regard to

OBITUARIES, RESOLUTIONS

OF RESPECT, &c.

The Hartford Herald has adopted a new rule in regard to Obituaries, Resolutions of Respect, Cards of Thanks, &c., whether written personally or for lodges, churches or individuals, and that is, we shall charge at the rate of five cents per line for all such articles, except obituary poetry, which will be one cent per word straight.

The amount, in cash or stamps, must accompany each article, or it will not be printed. Six words average a line in ordinary reading and every separate character or initial letter counts as a word. The heading and the signature both count one line each, even if they are only a word or two. All obituary poetry, straight through, one cent per word. This ruling applies to everybody alike, without any distinction. Contributors please remember.

Despondency Due To Indigestion.

"About three months ago when I was suffering from indigestion which caused headache and dizzy spells and made me feel tired and despondent, I began taking Chamberlain's Tablets," writes Mrs. Geo. Hon. Maceodon, N. Y. "This medicine proved to be the very thing I needed, as one day's treatment relieved me greatly. I used two bottles of Chamberlain's Tablets and they rid me of this trouble." Obtainable everywhere.

Suffrage Saving.

A promise to vote for the woman suffrage amendment at the fall election was the reward exacted by Miss Grace Hank, of Troy, N. Y., from Albert Vauz, after she had saved him from drowning.

Vauz, who was swimming in the Mohawk river, was sinking when Miss Hank, who saw his peril from a boat in which she was sailing, held out an oar. With the assistance of a woman companion she dragged him into the boat.

"How can I thank you?" murmured Vauz as he regained his senses.

"By promising to vote for the suffrage amendment in the fall," replied Miss Hank, who is an ardent suffragist.

He promised.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferers is McGee's Baby Elixir. Why You Are Nervous

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich food feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.
